PROFILE

Dynamic and detail-oriented Software Engineer with over half months of
experience in front-end development. Proficient in creating responsive and
user-friendly web applications using HTML, CSS, and JavaScript frameworks. Adept at collaborating with cross-functional teams to deliver
high-quality software solutions. Strong analytical skills with a solid foundation
in data manipulation and presentation using MS Excel, Word, and PowerPoint. Committed to continuous learning and improving technical skills
to stay abreast of industry trend.

WORK EXPERIENCE

SOFTWARE ENGINEERING STUDENT
(1ST SEMESTER) || UET
PESHAWAR, ABBOTTABAD CAMPUS
December 2025- PRESENT

- **Developed small console applications in C,** including a student grade management system, to reinforce foundational programming concepts.
- **Mastered key C language fundamentals**, focusing on pointers, memory management, and data structures such as arrays and linked lists
- **Enhanced problem-solving skills** by participating in coding challenges and exercises, sharpening algorithmic thinking
- **Collaborated with peers on a group project**, contributing to the design and implementation of a C-based program aimed at addressing a specific problem.
- **Gained hands-on experience in debugging and optimizing C code,** enhancing performance and efficiency
